FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION**Analysis**

HB64 has been proposed to enable the development of additional fisheries in the State of Alaska, and would establish “regional fishery development associations” comprised of Commercial Fisheries Entry Commission (CFEC) limited entry holders, interim use permit holders, or potential CFEC permit holders. A majority of the actions associated with this bill are assigned to Commissioners of Departments of Fish & Game and Natural Resources, and as a result, CFEC currently does not anticipate any additional fiscal impact due to this legislation.
